H. C. SOUTHERAN,

THE PRINCEMARKETS SEEM
MORE SETTLED

London, Aug. 31.—The Daily Chronicle in its leading editorial yesterday said: "Everyone in this country, and especially the people of good-will, will be glad to learn that the Prince of Wales has been offered and has consented to accept, the freedom of the City of New York, in the course of his appearance in the United States. There are other foreign countries but the United States which has it in its power to welcome the visitor with a characteristic British compliment. In these cases, when we are asked to accept, we can offer it with such imposing significance! Just as President Wilson is the first chief of the American Republic to be made freeman not only of London, but of many other British cities, so the Prince of Wales is the first member of the British royal family to be offered the freedom of the principal city in America."

The Prince of Wales is the first member of his royal family whom Americans have decided to welcome. The visit of the Prince of Wales will be a great event not only for the Prince, but also for Britain and America. Of such incidents is international friendship compounded."

SUGAR PROBE
AT MONTREAL

MONTREAL, Sept. 2.—"There is plenty of sugar to go around if every one has their head," said Dr. Louis McIlroy, of the Atlantic Sugar Refining Co., Lindsay, at the conclusion of the session of the Board of Commerce this afternoon at the Windsor Hotel. The reply was in answer to a question by Hon. H. A. Robson, the Minister of National Resources, as to "there any justification for the domestic hoarding of sugar?" Mr. W. F. O'Connor, K. C., also asked, Mr. McIlroy: "Do you think there is any hoarding among the retailers in the city?"

Mr. McIlroy: "The retailer is not hoarding, but the public is. Sugar may go up a cent or two, but nothing like the advance that is rumored. A cent or two, however, is a great advance, the same amount, in my opinion, that the better grade of Christmas the wholesale price, which is now \$1.62, will be \$1.12 or \$1.17."

Mr. J. W. McConnell (to Mr. McIlroy): "There is a big demand for sugar, and the price has increased: "Price depends to a great extent on whether we are permitted to continue to fill our export orders, as with the larger proportion that these present we can average."

Mr. O'Connor (to Mr. McIlroy): "Why should there be such an appreciable increase in the price of sugar in view of the fact that the United States will have a big beef crop in October, and the United States also expects a big year?"

Mr. McIlroy: "That will affect the American markets principally. One of the main reasons for the advance was that the United States has a preference to the British, and therefore eat their sugar, which therefore came to Canada. The price for British West Indies was \$1.10, it is now worth \$1.62."

THE MARKETS

CATTLE MARKETS

UNION STOCK YARD.

TORONTO, Sept. 2.—With 800 cattle on the market yesterday a very large percentage of which were light in weight, the market was very quiet. The market was generally \$25 to \$30 lower and trading was slow. The bidding was steady, however, and the buyers and sellers and heifers, medium and come cows, were well represented.

There was a good demand for fat cattle, loads of good and choice cattle, and a few choice steers.

There was a very good inquiry for good butcher cows.

The market was good for the better, older cattle, bidding up to \$115 to \$125. Ordinary milch cows were \$100 to \$110.

Bullocks were considerably lower, packers bidding around \$25 to \$30. The market was good, too.

Calves sold around \$15 to \$25.

With nearly 2,000 sheep and lambs on sale yesterday the trade was very slow and easier, and from 9 a.m. to 1 p.m. the market was opening at around \$1.10.

The market was good, too.

Bullocks sold well around \$1.10 to \$1.15.

Calves sold around \$15 to \$25.

NEWS

Dear Madam:

In reply to your frantic signals for help to fall clothes, we send these improvements, which we believe will be jumbled as the whole of fashion herein recorded. Let's begin.

There seems to be great latitude in the choice of hats. Feather millinery in every conceivable shape, though the Hatin-Turban style remains a favorite. In particular, remarkable for its coloring, Jade green, crystal purple, browns and old red are especially notable. Satin and moire hats will undoubtedly be first choice for early fall wear. These are early fall hats, however. Mrs. Smith prefers a large chapeau with the wide brim from side to side satin canotier with velvet crowns. Draped velvet turbans will also be popular.

As to dresses—The ever useful blue serge is again in evidence for fall wear. Skirts measure from a yard and a half to two yards 'round the bottom—and are frequently pleated. The length is problematical—since Miss and Mrs. America are not likely to wear them.

Most of these have blousons from 5 to 7 inches off the ground. The one-piece chemise frock is still in use, though an attempt is being made to bring the shirwain and skirt effect of other days. Blouson and blouson with a belt—slip-overs are very popular. Most are very much like the blouson.

Lines are slenderizing, youthful and in varied distinctive fashions, providing for persons of every type. Some are fur-trimmed, others without fur.

A DISPLAY OF BLOUSES

Fascinating Fall Modes in Georgette and Crepe de Chine

Wonderfully attractive are these latest blouse conceptions bringing with them all the gay new touches favored by fashionists.

One model has a quaint yoke which looks like a collar in front and develops into a wide panel in the back, prettily embossed with beads and silk at \$20.00.

There are many other delightful new styles, too, which must surely see them. An especially good assortment at \$6.75 to \$20.00.

So much has at present emerged from the present class of Madame La Mode. More anon.

Very sincerely yours,

Madame Conner.

New Fall
Skirts

Smart Styles for Women and Misses at
\$5.50 to \$20.00.

They herald the modes that will prevail during the fall season and they show all the new style touches that are so distinctive and so new. While an initial showing, yet it affords wide choice and extraordinary values.

Types of wool serges, poiret twills, gingham, organdy, and several other new and popular fall fabrics. Some are gathered and some plain. Some have the fine pin tucks from the bottom, which are so fashionable. Wide and narrow belts, others have pockets, tabs and buttons for trimmings.

New Fall Millinery

Our Millinery Department has an enviable reputation. It was earned by the fact that we have diligently applied ourselves to interpreting the trend of millinery fashion from season to season in accord with the tastes of women who discriminate in the niceties of dress. We are not resting on our reputation. But this season we are presenting it with a complete showing of attractive Fall Millinery, of particular interest, because it maintains as its keynote reasonableness of price, \$3.75 to \$25.

Women's and Misses'
New Fall Suits

Of Simple, Yet Distinguished Lines

It is evidence of the high grade in the quality, the smartness and distinction of the suits themselves. They are chosen with care and discrimination from the foremost artist-tailors.

The certain "feel" they have when you try them on—the little elegances in tailoring—the smart little departure in cut—their distinction and precision give them preference among carefully gown women.

The materials—Tricots, Poiret, Twills, Garbadines, Serges, etc.

The styles—Blouse cut, Smart Tailored, Semi-Tailored and Box Coated. Mostly Navy Blue in the apartment, \$35.00 to \$100.

OBITUARY

Stanley Lorchie McLean

Never have the sympathies of the people of Lindsay been more deeply stirred than when it was announced yesterday afternoon that the unfortunate accident which occurred some ten days ago had taken the life of Stanley Lorchie McLean, of Lindsay.

At Toledo, one of the principal markets of the world, so far as needs are concerned, and clover is quoted \$4.00 a bushel for December delivery.

The reason for the lack of satisfaction is that the country is not in a position to supply all the seed needed for the production of the prime of life. He was scarcely thirty years old. He was born at Lindsay, Ontario, and educated at the Royal Military College of Canada, where he graduated in 1905. He was a member of the 1905 class.

Proof that Some Women do Avoid Operations

Mrs. Eliza Dorion, of Ogdensburg, Wis., says:
"I had a tumor from German troubles which caused plenty of pain and I had to have an operation. I had to leave my home and my strength so I had to go to bed. The doctor advised an operation and I had to have it. I thought of what had read about Lydia E. Pinkham's Vegetable Compound and tried it. The result was that the tumor brought great relief and six bottles have entirely cured me. At the same time I have been able to do more work and my husband is very pleased with the results. I hope that every woman who has a tumor will try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Castine, Ohio. — "I suffered from a female trouble which caused me much suffering, and two doctors decided that I must have an operation. I was so afraid of an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my trouble so I can do my house work without any difficulty. I am now well again and am able to do my house work again. I am sure that Lydia E. Pinkham's Vegetable Compound will help you. It will do as much for you as it did for me." — **Mrs. MARY BOYD, 1245 Main St., M. E., Castine, Ohio.**

ONTARIO'S SPRING CROP ALL CUT NOW

Beans are Running to a Light Yield — Plums a Good Crop.

Toronto, Aug. 27.—The following is a summary of reports made by Agricultural Representatives to the Ontario Department of Agriculture. Had the Provinces during the last two months had a normal rainfall, a week or ten days have had a reviving effect upon pastures, cereals, beetroots and roots, which crops have been noticeably suffering from the prolonged dry weather.

Now the spring grains have been cut. In some quarters a part of these crops is still in the stock, but the bulk has been well husked. Where threshed, spring grains as a rule are not quite up to the average in quality. Some cereals, however, are being made of rest in oats.

A few beans have been already harvested, and are running rather light yield.

The beans are thinly set for those intended to put in winter wheat, and are not in the best condition, as far as crop will be concerned, I am afraid this fall.

Plums have had one of the best seasons in recent years. This year, like last, have come into the market a week earlier than ordinarily.

A few beans are promising a good yield.

A number of the carrots being marketed are showing the effect of the light pastures. Huron reports that co-operative marketing of live stock, etc., is coming into vogue, some nine or ten co-operative clubs in that county.

Hogs have decreased in value, local sales reported ranging from \$20.00 to \$23.00 a cwt. Small pigs are selling at \$1.00 a pair in Frontenac.

Electric power rates are going to market earlier than usual.

Victoria reports that a number of tractors have been purchased by farmers in that county, and that fall work this season will be greatly helped thereby.

ALLIES TO RESUME RELATIONS

Paris, Aug. 27.—There has been much talk in Germany of the re-establishment of diplomatic relations between the allied powers and Germany. Commenting on the diplomatic situation, La Bégale says:

"The English seem inclined, as most of the time, to be inclined, to send not a Charge of Affairs, but an ambassador to Germany. France naturally will do the same. Paul Dautatz has been persistently mentioned for the post.

Paul Dautatz was secretary of the Peace Conference.

"If I Could Only Get Rid of These Headaches"

COURTESY known, I have tried enough treatments for it. I think I have used nearly all the creams and waters and powders there are of the drug.

And what is the result? I am getting more headaches all the time, and the headaches are worse than ever.

"By comparison with others, have a little suffering, but I have the headaches now oftener than ever before, and my nervous system has all gone to pieces.

"The doctor says my blood is thin, and that I do not get the nourishment from the food that is required to feed the nerves and keep up the vitality of the system.

"I have been reading about Dr. Chase's Nerve Food, and this letter is from Mrs. F. G. Simmons, 42 Curtis street, Brantford, Ont., writes:

"I am tired of taking medicines for headache relief, and am going to see if Dr. Chase's Nerve Food will build me up and make a complete cure."

This is Mrs. Simmons' letter:

Mrs. F. G. Simmons, 42 Curtis street, Brantford, Ont., writes:

"For eight years I suffered from anemia. My circulation was poor, my eyes were weak, my skin was pale, my hands were always cold. I was nervous and不安定 (unstable). I was easily fatigued, seemed restless and easily worried or irritated. There was a constant desire to move about. This was also one of my complaints, and I often was attacked by such attacks.

"The accident occurred entirely through the boy's own fault. He had ridden out to the pit with his uncle, and the wagon was loaded with stones. Before the boy could get out of the pit his uncle warned him not to try to climb on the wagon until it was out on the road, where he would wait for the boy. But the little fellow thought he was safe, and climbed on the wagon. His uncle then jumped ahead. His uncle was busy with the lines, and did not see what was going on. In an instant the child was under the wheels, and was killed.

"The body was taken to Mt. Clemens, Ont., Detroit, for interment. The sympathy of the community is extended to the bereaved parents and friends.

VICTORIA CO. REPRESENTATIVES INSPECTED HAMILTON HIGHWAY

Were Guests of Canada Cement Company, and Spent a Delightful Time.

(By A. H. M.)

An invitation was given some time ago to the county council by the Canada Cement Company to send a delegation from their council to inspect the highway between Victoria and Hamilton. A similar invitation was also given to the council of the Town of Lindsay. At a meeting of the Provincial County Council Committee, it was decided to send representatives of the council to inspect the great highway.

The members not the officials of the Canada Cement Co. at the King Edward hotel, Lindsay, Sept. 8, and Leland, Ontario, were present. Mr. Chambers, Minister of Public Works in the Lindsay Cabinet, The County was represented by M. H. Tompkins, Chairman of the Building Committee on Roads. Mr. J. D. Bowring, Provincial Road Warden, Mr. G. M. Mowat, Patterson, Mr. McFarren, Southam, Parsons, Brock and Morrison.

The officials of the Canada Cement Co. and Mr. Van Scouller, Public Agent, Mr. W. D. King, Road Engineer, Mr. W. D. Bowring, Sales Manager, and Mr. G. M. Mowat, Chief Engineer for Hamilton, took the party in automobiles over the 49 miles of the highway between Victoria and Lindsay. It is a magnificently paved road, 22 feet wide, 3 inches thick, in the center and 8 feet at the outer sides. The road has been leveled, and a great many hollows filled and depressions filled, which added

to the attractiveness of the road. We were shown a part of the road that had first been laid in 1916, which is as good as the day it was built. We also inspected the massive reinforced concrete bridge over the Otonabee river.

It is 120 feet long and 12 feet wide, and is fully 12 feet high. It is the longest one span bridge to prevent a train from

crossing the highway. It is the largest bridge in Ontario.

"What anomaly," said the Col. after fighting for the right of the Canadian government to have the flower of Canadian manhood should return to their native country to discover that in their absence their own liberties had been stolen from them.

"Upon inquiry, he said, "There is no questionable evidence that the law is being treated with impunity by the Canadian army, majority of whom have broken it at one time when the opportunity presented itself."

He said that the Act he proposed, in order that the law made more equitable to the masses he passed in its place, and more in conformity with British law, which abolished capital punishment.

After the ceremony the guests, numbering about seventy, repaired to the dining room, where a special wedding dinner was prepared for them.

The representations of Lindsay and the County of Victoria were delighted with what they saw on their trip and their plaudits came with the hearty hearty hurrahs of cheering greeted his suggestion that the Toronto Globe should daily their daily quotation on the subject, so that it would read "remember this when you see the notorious side of things." Col. Haydon

praised the meeting.

Good morning.

It's time to get to work—"I'll soon be up to the mark again," he said. "I have enough cash to live on for a month, but the country, we can't afford to stay at home." He got up at 2 a.m. and went outside when he heard the dogs. When daylight came, he found thirty of his sheep killed, and discovered two well-hoofed, singeing food from his premises. He had lost 100 sheep and had only 100 left. When daylight came, he found thirty of his sheep killed, and discovered two well-hoofed, singeing food from his premises. BOYS ALMOST WRECKED TRAIN NEAR HARPER'S

Peterboro, Sept. 6.—Two local boys, 12 and 15 years of age, nearly wrecked the 12:30 P.M. train near Harper's Woods, about 10 miles from Peterboro, when they laid a wire across the railroad tracks and then left on the run. A number of sectionmen working on the track noticed the smoke of the engine and the smoke from the train came along. Open After Hail was hearing of two boys who appeared before County Magistrate O. A. Langley on the charge of stealing. When he was asked if he had been the main idea, out two and two together, and decided that the two boys were the authors of both. The boys at first stoutly denied the charge, but after a grueling cross-examination were found guilty and fined a \$10 fine, also a severe lecture from the magistrate.

SAD DEATH AT NESTLETON

An eight-year-old boy named Parrot was killed in a gravel pit near Nestleton last Friday. He was visiting his uncle, Mr. Robt. Jackson, and was with him in the pit.

The accident occurred entirely through the boy's own fault. He had ridden out to the pit with his uncle, and the wagon was loaded with stones. Before the boy could get out of the pit his uncle warned him not to try to climb on the wagon until it was out on the road, where he would wait for the boy. HYMENEAL

Hannigan—Oliver

A very pretty Saturday wedding took place on Wednesday afternoon at the home of Mr. and Mrs. Alex Hannigan, 100 King street, Lindsay. The bride, Miss Agnes Hannigan, daughter of Mr. and Mrs. Hannigan, was married to Mr. R. D. Hannigan, son of Mr. and Mrs. Mrs. Sugitt, of North Bruce.

The bride looked charming in a white dress with a lace collar and trimmings with pearls, her veil just trimmed with a hand of pearls. She carried a lovely bouquet of sweet peas and were the groom's gift a silver ring and a diamond.

After the ceremony the guests, numbering about seventy, repaired to the dining room, where a special wedding dinner was prepared for them.

Mr. Eddie Sugitt, cousin of the groom, assisted the bride and wore a gown of blue silk, she carried a box of asters and wore a pearl necklace, the groom's gift. Mr. Roy Oliver, also a member of the groom, and the bride's maid of honor, were also present.

THE WATCHMAN-WARDER

Established 1856.

Pages 7 to 12.

LINDSAY, ONTARIO, THURSDAY, SEPTEMBER 11, 1919.

\$1.50 Per Year.

EVERY SOLDIER ENTITLED TO BENEFITS

Reciprocal Arrangements Made With the States.

Every man who enlisted under the Canadian flag, either in the ranks of the military forces or in the navy, or in Canada or not, is entitled to all benefits as regards medical treatment, etc., for the members of the forces prescribed by the Dominion Government.

Similar provision has been made by the government of the United States with regard to American veterans of the war.

Of the men enlisting in the C. E. F., 90 per cent. were outside of the United States. It has been estimated that about 9 per cent. came from the United States. On the other hand there are a considerable number of American citizens, who enlisted in the C. E. F., especially in the western provinces.

Reciprocal arrangements between the United States Government and that of the Dominion of Canada through the Canadian Legation in the City of Washington, have just been completed whereby each country will undertake whatever measures the after-care of dependent, found within its own borders, in the event of creating a full understanding of the obligations which it would involve, the Director of Medical Services and Assistant Deputy Minister of the Department of the Colonies' Civil Re-Establishment Branch, Washington, has sent a cable to Col. Chas. E. Banks, of the United States Public Health Service, Chief Medical Officer of the War Risk Insurance Bureau, also the secretary of state.

The Canadian Government has undertaken the medical care, payment of pensions, supply of artificial limbs, etc., of disabled veterans, etc. that if some of the Canadian dependents were the general responsibility of the government of this country and that of the United States was possible for the care of each other's dependents, a great deal of unnecessary expense might be saved. Such arrangement, if to be made, would be of great benefit to the Canadian Government.

At the conference held at Washington, it was agreed that the Canadian Government would care for the dependents of Canadian veterans, but that the Canadian Government would not receive the same attention in the matter of medical treatment, as that afforded to the men upon this side. Similarly, Canada would care for the soldiers of the American army found within her, each country to reimburse the other for all expenses so incurred.

In addition to members of the C. E. F., whose homes are in the United States, there are also Canadian citizens for the British Repatriation Force and British Reservists who will bring the number of British subjects in the United States, who may need medical care, up to almost half as much again as the Canadians alone. The latter, however, may also have included in the count made by the Canadian Government may decide to participate in the arrangements as made.

The following figures give some idea of the total number of British subjects so covered:

Reciprocal arrangements were entered into with the U. S. Govt. on Sept. 1, 1918, for the British Repatriation Force and British Reservists who will bring the number of British subjects in the United States, who may need medical care, up to almost half as much again as the Canadians alone.

Estimated number enlisted in Canada 8,600

Reciprocal arrangements were entered into with the U. S. Govt. on Sept. 1, 1918, for the British Repatriation Force and British Reservists who will bring the number of British subjects in the United States, who may need medical care, up to almost half as much again as the Canadians alone.

This arrangement does not entitle any ex-service man of the Canadian forces found in the United States to any benefit, as the arrangement is at the present time to members of the C. E. F. in Canada. All proceeds will be upon the same footing, namely, those entitled are men entitled to free treatment without fees and allowances.

OUTBREAK IN BOSTON CITY

State Troops Called to Prevent Looters.

Boston, Sept. 10.—(UPI)—Looting was widespread in Boston yesterday. When adequate police protection, particularly citizens were left to their own resources to protect their lives and property.

Since the police strike at 8:45 o'clock yesterday, when most business houses organized police power last night approached anarchy, and today appeared to grow more serious as the negligence of the makeshift arrangement intended to preserve public order became obvious to the criminally inclined.

Judge before noon Adjutant-General Stevens said that he had learned unofficially that 200 police had deserted, calling their own names, and members of the National Guard while in Boston to assist the civil authorities in preserving order.

Blazing Breaks Out

Blazing breakouts of looting and pilfering occurred almost after ten o'clock today, when mobs attacked lawless policemen who had arrested looters, in many cases the prisoners were released by the crowds.

Twenty-four persons had been arrested, and 160 had been arrested. Of this number 58 were charged.

The loss from looting and property damage will amount to \$50,000. It was hinted that before tonight Boston would be under martial law.

The worst feature of the crisis which swept over the city was attacks upon girls and women in the north end of the city, where small groups of rowdy, riotous, and disorderly persons had been arrested.

At three o'clock this morning the central part of the city was almost completely in control of mobs numbering in the thousands, who had looted and destroyed property, and were using the horses, rather than firearms.

Placing the peace of order, made up of precinct captains, lieutenant and sergeant-at-arms, powers.

Call State Troops

Major Peters arrived at noon to find that he had taken over control of the police department from Commissioner Curtis, a State engineer, and had called upon State guard organizations to assist in maintaining order.

BIG INCREASE IN NUMBERS

Million and Half Voters in Province.

Toronto, Sept. 11.—Figures coming in from nearly all parts of the province indicate a tremendous increase in the number of persons on the voter list, and the number of voters against the number on the list in the 1914 elections. The number owing to the increase of population and the enfranchisement of women and of colored men, more than doubled what it was five years ago.

For instance:

In Kitchener only 4,274 votes were cast in 1914 and the census returns now have put down 11,047. In Galt, 1914, 664 votes were given in 1,765. In Waterloo, 1,574 votes have increased to 7,700.

For the border cities, 9,125 in 1914, now 20,000.

So far no suggestion of polling has been heard, but owing to the approaching referendum on temperance, unusual eagerness to go to the polls was evident. In 1914, the number of voters in the border while the province was 715,217. This figure was not varied greatly for the 1914 election, although the number of voters was increased by five. The indications are that a million and a half names will be on the polling lists.

Accredited for war services who may have no place of residence.

Those who fall ill from any cause within one year from the date of discharge from the forces who are entitled to free treatment without fees and allowances

WERE GIVEN ONE WEEK IN JAIL

Four young felons were given a week in the county jail this morning by County Magistrate Morris. They were brought in from the police station to appear before him, according to reports, to perform certain work, which they claim they were physically unable to do. They were without funds and helped themselves to a meal.

It is reported that a charge was laid that a charge was laid that the bill was the best way to keep body and soul together until such time as they were able to obtain funds.

THE ADVOCATES TEN POINTS

Wilson's Plan.

On Tuesday morning Wilson's Special Training Plan, Sept. 17.—To implement the terms of the peace treaty which were defined by the President to-night as the fundamental principles on which he is asking its acceptance by the United States, the Royal Canadian Legion has issued a circular to the members of the Legion in which the President made an offer for a night school but instead made known through the newspaper the correspondence which he has in his files for the plan to be put into practice.

The ten points in which he emphasizes the treaty's provisions are as follows:

1. The destruction of armaments will be an instrument of international control estimating only the number of men to be employed in the League of Nations.

2. The despatch of a commission of enquiry to inspect and arbitration for war using the poorest rather than the best.

3. Placing the peace of order, made up of precinct captains, lieutenant and sergeant-at-arms, powers.

4. The destruction of armaments and the abolition of裁军.

Meet me at McBride's, the Leading Men's wear Specialty Store. I always stock up for the Fall and Winter at McBride's, where I get real value.

Take Bill's advice, follow the crowds to the House of Quality.

S. S. STAPLES
IS CHOICE

Millbrook, Sept. 9.—S. Staples, a prominent live stock breeder of this section, was nominated at a U.P.O.-Practical Convention for Durham last Saturday.

A feature of the meeting was the presence of Messrs. McMurtry and W. A. Thomas, both of Port Hope, representing the Labor interests of the province. The two men, who attended the 500 farmers present that they desired to co-operate with them in securing a better form of Government, and as Labor delegates would make a favorable report to the Labor Department, which they represent in Port Hope.

The speakers at the meeting were Mr. Webster of Cambrai, J. J. Morris, see trees, of the F.O., J. M. Hollings, of Chatham, Townships, County, and the U.P.O.

The following candidates were nominated: Robert McNamee, of Millbrook; McBride's, McMurtry, Staples, F.O., and W. A. Thomas, of Port Hope, and Warden A. J. Henderson, of Millbrook. The first four nominees resigned, and Warden Henderson not being a member of the U.P.O., could not qualify. He was not present at the meeting. S. S. Staples finally agreed to accept the nomination.

Haliburton Editor
Had "Night Out."

To be stalled all night in a car in the chill September air was the experience of the editor of the only daily newspaper in the Haliburton region, and his party a few evenings ago. The newspaper man was motoring from Toronto to his northern home and had reached Moore's Falls without mishap. The weather at that hour should not display many proscriptions. All the intensity, that as well as the power of prayer, which the average newspaper man possess, was brought into play to get the editor and his party home again. The "nothing left but to settle down for the night with the blue canopy of heaven a covering." Then the morning was shown to be as cold as the northern hills. The occupants of the car shrank off sleep and made plans to reach home as best they could.

TEACHERS WANT
MORE MONEY

Teachers are reaching the Department of Education that the campaign of persuasion which it has been carrying on to have more teacher salaries increased is bearing fruit. It was in the middle of July that Hon. Dr. Cody sent a letter to all public and separate school inspectors impressing upon them the importance of urging upon the trustees in their districts the needs of paying higher salaries.

"It is needless to say that no teacher can teach well who is not fairly treated, and that the districts that are in the districts that have been increased by Dr. Cody within the last day or two also in receive a communication from the Department of Education of Provincial Education, in which he says that with two or three exceptions salaries had been increased by from \$20 to \$60.

The Cody stated press release that the amount of a million dollars granted by the Legislature at the last session for the purpose of increasing the salaries of rural school teachers had already paid. The bad salaried will be paid the rural school section of the U.P.O. will have to assess and where the less wealthy sections had been paying less adequate salaries the grant was made larger.

The Ontario Government is intent upon securing Justice for the teach in proportion. At the last session of the Legislature a sum of \$1,000,000 dollars was voted aside for the purpose of increasing rural school teachers' salaries. It is hoped that the school sections will respond in due time to the call to make the improvements in the schools in the community upon a decent basis. If Hon. Dr. Cody's wishes are granted the country school will again receive from the Legislature \$1,000,000.

As Mr. G. H. Smith, teacher says, the teacher can do good work on the teacher, or while laboring under a sense of unfair treatment. No Government in the history of Ontario has been so diligent for the teacher as the present. The present H. R. Administration Dr. Cody once at the behest of the Labor Department afford an abundant proof that more will be accomplished in the most vital of pri- ies than in the next few years.

J. J. PRESTON
IS THE CHOICE

Peterboro, Sept. 11.—At a Provincial convention of the East Ontario Conservative Association, held in Peterboro this afternoon J. J. Preston, M.P.P., was nominated to contest the riding in the coming election. This is the sixth time that Mr. Preston has been nominated in this riding within the past six years.

On Tuesday of this week the H. P. O. held a convention here and nominated S. Staples, who will be Mr. Preston's running mate. It is hardly likely that the Liberal candidate will indicate in the field, preferring to leave the race with the P. C. candidate and Mr. Preston, in the hope that the former will be elected. James Paul, President of the East Ontario Conservative Association, attended.

Will Vote for Preston

Asked as to his position on the temperance issue, Mr. Preston said he would vote for prohibition. "It is possible to get enough war tax to it in the next enough for peace time," said Mr. Preston.

Hon. George Henry, Minister of Agriculture, among other things, was present at Ontario's war record.

Mr. Ferguson was resumed when the Adjutant-General was present.

Witnesses had been instructed by the Adjutant-General to answer the questions taken from Major Ferguson's speech.

When the Adjutant-General inquired if he had been asked to have the papers removed, he said that the witness had not been asked to do so.

Mr. Ferguson—"These papers were Major Hirsch's justification for the action at Guelph?"

"Yes."

"And yet you removed them with out qualifying Major Hirsch?"

"Yes."

"Why did you not speak to him about it?"

"I did not know there."

"Wouldn't the honest course have been to leave a reference on the file to the effect that he had removed the papers?"

"Yes, but I strike me at if I would have done it."

Nostalgically Correct.

Referring to his conversation with Rev. Peter Bourque and others, Mr. Ferguson said of his time in the North that he had been a great help to the Norvalites without any reward.

"If so, bring it to my attention and find why they complain."

"I considered Major Hirsch's honor was safe in my hands," said Mr. McCarty, "so I had him get the letters actually to Captain Barrough, but he went to London to get the original letter to Major Hirsch, although he had a copy in his office—witness said that in case of an investigation he always got them."

"You had no respect for the honor of Major Hirsch or Captain Mar-Aulay?"

"I considered Major Hirsch's

honor was safe in my hands."

OMNIUM

Omniun, Sept. 8.—The induction of the Rev. Mr. Scott took place in the Presbyterian church on Friday evening before a very large congregation. Rev. Mr. Gardner, of Cold Spring, preached the sermon, Rev. Mr. Rollins, of Peterboro, addressed the newly inducted minister. Rev. Dr. Lee of Milbrook, Rev. Mr. McLean, of Lindsay, and Rev. Mr. Thompson all addressed to the basement, where a social evening was spent, thereby enabling the new minister to become acquainted with his people.

Local clergymen, Rev. Mr. Stillman of the Methodist church, and Rev. Mr. James of the English church as well as Rev. Mr. Clark of Mount Pleasant, welcomed the new pastor.

Mr. and Mrs. Scott, Rev. Mr. F. G. and Mrs. L. L. Clark spoke briefly in terms of hearty welcome to the Rev. Mr. Scott.

Messrs. E. and R. Peters of Clinton were the guests of Mr. and Mrs. Stillman.

Mr. and Mrs. Mr. Stillman arrived to Toronto last week.

A number of young people journeyed to St. James church on Friday evening and enjoyed to the fullest extent the foul supper given there.

Miss Myrtle Weir, daughter of Mr. and Mrs. D. Lett, who was at the school at Gooderham, and Richard Abercrombie, of Lindsay, was in Omuniun on Monday.

The condition of the late potato fields has been much improved since the middle of August, after being held back by the drought. Sugar beets and mangolds have also picked up well and are generally in good condition, although a fair yield is not looked for; but, as with all spring grains, the straw is short.

Threshing is general. Farmers are said to be turning out better results than either spring wheat or barley.

The late autumn rains that a fair

yield is not looked for; but, as with all

spring grains, the straw is short.

Clover and alfalfa fields have

been greatly revived by recent showers.

Some farmers in Durham have had a good crop of oats.

Miss Zinck is in charge of Mr. Barlow's (Iron) millinery parlor, and her display of fall millinery will, without doubt, attract many on Friday and Saturday.

Mr. and Mrs. A. L. Anderson, late of Vancouver, B. C., gave a very interesting talk on temperance in the Methodist church on Monday evening. Many stirring temperance songs were sung and a real enthusiastic meeting enjoyed by all.

Those who were fortunate enough to have seen the picture "The Hitler" (one which was put on in Omuniun under the auspices of the Women's Patriotic League) will be delighted to know that another splendid exhibition entitled, "The Great Love," has been arranged for by the same organization, and will be shown on Friday evening.

NEW FALL SUITS AND OVERCOATS

THE POINT IS

How much can you afford to pay for a NEW SUIT or OVERCOAT this Fall? We ask this question, not from idle curiosity or inquisitiveness, but solely to say to you, stretch a point, pay as high as you can possibly go, because therein lies your safety. All good fabrics come high, but they are the cheapest in the end. Our Suits will start at \$15.00, and go all the way to \$48.50. Our Top Coats from \$15.00 to \$50.00, beautiful garments, rich in color and tailored to perfection. It's been our policy all along to stock quality rather than work down to a price. How well we have succeeded is best illustrated in our steadily growing business.

Don't forget, all the good ones go first.

REV. MR. LORD RESIGNED— IN ILL HEALTH

Has Been Pastor at Fen-
elon Falls for Many
Years

Rev. Capt. Dodds Ac-
cepts Call to Chelten-
ham

At a meeting of the Lindsay Presbytery held in St. Andrew's church on Tuesday, Sept. 16th, Rev. Mr. Lord, of Fenelon Falls, accepted his resignation as pastor of the Presbyterian church in the village. The reverend gentleman has been pastor of the charge for a number of years, and many of the people in the community regret that in health prevented him from continuing his pastorate. They spoke highly of his worth and the esteem in which he is held. A delegation from the Falls also appeared and voiced their thanks to Rev. Mr. Lord for his pastor and of his valuable work in the interest of Presbyterianism while in charge at Fenelon Falls.

Rev. (Capt.) Thos. Dodds, of Sons of Rest, accepted and Cheltenham, which he has accepted.

Rev. F. H. McLean, of Lindsay, was appointed Moderator for Fenelon Falls, and Rev. Mr. McDonald, of Waterdown, Vice-Moderator.

Rev. E. W. Miller, of Beauport, presented a splendid statement regarding the Forward Movement.

MARIPOSA FALL FAIR ON TUESDAY

Large Attendance
Good Showings of
Live Stock.

Woodville Band Pro-
vided Good Program

Mariposa's annual exhibition was held at Oakwood Monday and Tuesday and compared well with previous years. The weather was favorable and residents and visitors from all parts of the country present to inspect the exhibits, meet their friends, and enjoy the games of baseball played during the afternoons. The proceedings were brightened by the splendid programs and music played by the leading band.

In the main hall the attention of visitors was attracted by the artistic display of ladies' work and fruit and dairy products. The quality and variety of the exhibits were excellent and the selection of the winners was as good as any other year, which is explained by the weather during the past season. The live stock, however, was excellent. The major feature of the fair was the sale of the returned soldiers' gratuities, which is for a return or gratuity of \$2,000 for every returned soldier who served in France, \$1,200 for every one who served in the Canadian forces, and \$1,000 for every one who served in Canada. He believed that the entire cost would not exceed six million dollars, and expressed his conviction that this sum in the aggregate would not be less than one billion dollars. He, moreover, suggested that, through additional revenue could be secured by the government to pay the gratuity of \$2,000,000,000 million dollars by imposing an additional customs duty of seven per cent upon all imports entering Canada.

'CAYGEONITES LIKED PETERBORO FAIR, BUT ARE WAITING FOR THE BEST OF FAIRS AT LINDSAY

Bobcaygeon, Sept. 15.—The Peterboro Board of Trade which advertised a record fair in the city, Saturday, Sept. 14, to Cheltenham and Peterboro fair for fifty cents, and being in line for the worth of the money, we, with some two score or so of Caygeonites, took in the trip to Peterboro and saw the fair, the city and the town. We were disappointed that the fair this year was the best ever, but when we asked one of the managers on the grounds, he informed us that they always had a good fair, and we agreed with him and counted a pride in it. The grounds were handsomely arranged, the exhibits were fine. The horticulture display sent, one, into exteriors. The stock pens of sheep, pigs, horses and cattle were all piled to overflowing, among which was Mr. James G. Green, of Caygeon, with his records tacked up of 1900 pounds of milk a day, and over 14,000 pounds in six months admirably.

WARM DEBATE IN HOUSE ON GRATUITIES—SOLDIER MEMBERS FOR AND AGAINST

Ottawa, Sept. 16.—The entire sitting of the house of commons today was engrossed by the debate upon the soldier's gratuities asked for the returned soldiers. The debate was opened by Mr. John A. Caron, (Montreal) member for North Shore, who moved the adjournment in order to discuss the important question. In the nature of things no conclusion could be reached, but the motion opened wide the doors to a almost unlimited debate. The general opinion of the house was that the soldier's gratuities should be granted. Indeed, about the only member to come out flat-footed in this favor was Col. Currie. He stated that he was informed that the returned soldiers' Gratuity Association, which is for a return or gratuity of \$2,000 for every returned soldier who served in France, \$1,200 for every one who served in the Canadian forces, and \$1,000 for every one who served in Canada. He believed that the entire cost would not exceed six million dollars. Dr. Michael Currie, of Peterboro, was in full compunction by which the returned men might be tilted over the coming winter with gratuities payable in the months of November, December, January and February, and March, but Mr. Edward of Preston, of Peterboro, said that such gratuities would probably also have to be paid in the winter of 1920/21. He proposed that the amount of \$2,000 be an impossible burden upon the farmers, especially the farmers of Canada, which they could not bear.

Mr. Richardson, of Arizona, and Mr. Page opposed the gratuity as something beyond the financial capacity of Canada.

THREE FAMILIES WILL MOVE TO TORONTO

Three well-known families belonging to the Cambridge United Methodist church are about to move from town, namely: Mr. J. E. Adams and family to Toronto; Mr. Hendrieckson and family to Oregon; Mr. John Dundas and family to Toronto.

At the conclusion of the regular prayer service this evening in the above church a short farewell service will be held by friends of the above families.

Veterans To
Meet in New
Club House

Lindsay members of the Great War Veterans Association will meet in their new Club house this evening for the first time. The club house is a two-story building, with a large inside, and will soon be presentable on the outside. It will be one of the finest club houses in the province.

The G.W.V.A. executive refused to accept the resignation of Secretary W. E. Turner.

WAR TROPHY AT THE FAIR

One of the best added features at the Peterboro Fair was a war trophy in the shape of a Yorkie serpentine. This machine which will give exhibition flights during the days of the Fair, was captured in the German. It is a very large and powerful machine, and is capable of travelling 150 miles a hour. It is a huge, massive machine, and will no doubt create considerable interest.

SHOWER FOR YOUNG LADY OF REABORO

Showered With Mis-
cellaneous Articles by
Her Girl Friends

THE ADDRESS

Rebroke, Sept. 17.—A very pleasant social evening was spent on Friday, September 12th, at "The home of Mr. and Mrs. Edward Ward, 1000 King Street, in the residence of Miss Ward. Sixty girls gathered to present her with a nice eucalyptus shower, and to say farewells to her before she leaves for her new home in the United States.

Miss Ward Calvert and Ward were presented in a large basket by Gertrude Dwyer, Mary Hogan and Adelia Hickson.

Dear Ward, We a few friends gathered together to say farewell to you home to wish you all success and happiness in the future. You have always proved to us a good friend and shall miss you from this community but we will always remember you.

Major J. L. Reid, of Calgary, Capt. Peter McMillan of Muskoka, and Major Chubbie Power of Quebec, while expressing themselves moderately, were no less than unanimous in their support of the proposed gratuities. Indeed, about the only member to come out flat-footed in this favor was Col. Currie.

He stated that he was informed that the returned soldiers' Gratuity Association, which is for a return or gratuity of \$2,000 for every returned soldier who served in France, \$1,200 for every one who served in the Canadian forces, and \$1,000 for every one who served in Canada.

Mr. Richardson, of Arizona, and Mr. Page opposed the gratuity as something beyond the financial capacity of Canada.

Opposition From Soldiers

The most outspoken opposition to Col. Currie's motion came from other returned soldiers, who are members of the Legion. Dr. Marion, Mr. F. G. T. Ross, Mr. F. G. Ross, and Col. "Coy" Page, V.C., of Ontario, and Col. John A. Caron, (Montreal) member for North Shore, who moved the adjournment in order to discuss the proposed gratuity as a means of compensating the returned soldiers.

John A. Caron, (Montreal) member for North Shore, who moved the adjournment in order to discuss the proposed gratuity as a means of compensating the returned soldiers.

Major J. L. Reid, of Calgary, Capt. Peter McMillan of Muskoka, and Major Chubbie Power of Quebec, while expressing themselves moderately, were no less than unanimous in their support of the proposed gratuities. Indeed, about the only member to come out flat-footed in this favor was Col. Currie.

He stated that he was informed that the returned soldiers' Gratuity Association, which is for a return or gratuity of \$2,000 for every returned soldier who served in France, \$1,200 for every one who served in the Canadian forces, and \$1,000 for every one who served in Canada.

He believed that the entire cost would probably also have to be paid in the winter of 1920/21. He proposed that the amount of \$2,000 be an impossible burden upon the farmers, especially the farmers of Canada.

Opposition From Soldiers

The most outspoken opposition to Col. Currie's motion came from other returned soldiers, who are members of the Legion. Dr. Marion, Mr. F. G. T. Ross, and Col. "Coy" Page, V.C., of Ontario, and Col. John A. Caron, (Montreal) member for North Shore, who moved the adjournment in order to discuss the proposed gratuity as a means of compensating the returned soldiers.

LABOR PROBLEMS SHOW THE
NECESSITY OF CLASS UNITY
—CONVENTION AT OTTAWA

Ottawa, Sept. 15.—The first day's proceedings of the national convention of the national union of iron and steel workers, which opened at four-thirty this afternoon, an hour ahead of the scheduled time, when it was found that the single-vote "yes" had "no" been carried, were for the most part a repetition of those carried on the previous day.

The meeting, however, decided to wait and take them all together.

During the day, with splendid addresses, speeches, and perhaps one or two strays from the floor, the brief talk of Warren S. Stone, presi-

dent of the Brotherhood of Locomotive Engineers who followed W. Jett Williams, president of the International Workers Order, and W. E. St. John, president of the State W. I. Order, ended.

There is real social discontent.

"The cry 'Am I my brother's keeper?' was never so heart-rending as it is today, and there is a great need for the man to arise, bold enough and broad enough, to put the word 'brother' back in the brotherhood of man."

Brother keeper

"A 20 per cent. increase in the pay envelope and a 40 per cent. increase in the cost of living only aggravated the situation," said W. E. St. John.

ANNOUNCEMENT RE LINDSAY
FAIR FOR PEOPLE IN NORTH
—BIG FAIR DATES THIS WEEK

An effort should be made at once to contact the County of Haliburton in regard to the Lindsay Fair, which will be held this Saturday, and let all citizens know in advance to the big crowd of friends and relatives.

Mr. A. Ross, and other commercial men of Lindsay state that while travelling in the north they never heard of any such fair as Lindsay Fair. Fair had been cancelled. The rumor has no foundation whatever, as the Lindsay Fair will be larger and better than ever this year.

It is always welcome the people from the north to the county fair, and not only the directors of the Fair, but merchants as well, would regret to hear that such a rumor should do any harm, or prevent any

person from attending. Let all citizens advertise the fact that the fair will be held this week, and let all citizens know in advance to the big crowd of friends and relatives.

Solomon Tried
To Umpire Game

Jake Solomons exhibited an umpire in the Oshawa-Jordan game on Saturday, but Jack's decisions were so raw that he had to be removed. Jake was always some kicker with umpires, but he will probably not mind that theumping job is not as easy as it looks.

LINDSAY FAIR THIS WEEK

HOPE FOR LINDSAY FAIR: This is the enthusiasm heard throughout the surrounding country and the old fashioned rural life will be led out to Lindsay Fair. Lindsay will be the meeting place of thousands of people on Thursday, Friday and Saturday of this week.

THE FAIR: It will surpass the ordinary, in every respect, the directors having gone to special trouble and extra expense to make it a success in every department. There will be added features and novel events to make the opening one of the big events of the year.

There will be the closing of the century fair on Saturday. Today everything is in readiness and a great workmen are engaged at the grounds preparing the way for the exhibits in the main hall, for the exhibits in agricultural classes and for the exhibits in the various departments.

A PLEASANT FAIR: This will be a pleasant social meeting, which includes the four readings in a wonderful setting etc; Marvelous Neilville is a sensational and thrilling gymnastic stunt; Thomas trix, exponent of lively comedy and laugh-provoking antics; a \$60 foot slide for life by Junette Bros.; three balloon ascensions; grand display of fireworks, etc. Besides there will be an exhibition of aerial flying, aerial acrobatics, etc. There will be a grand display of exhibits from the Canadian National Exhibition. These fliers will make two flights daily, besides making several flights with passengers.

Spreading in on two days of fast racing. Some of the best horses on the circuit will be here to compete for the large prizes offered by the Lindsay management.

There will also be a large and cosy midway with many new and novel amusements.

OPPRESSED INTEREST: to farmers and others interested in agricultural pursuits there will be a mammoth exhibit of live stock, poultry, vegetables, fruits, seeds, traps, implements, tools, roads, grain, antiques and bargains.

ON THE WHOLE: NOTHING is being left undone to make the fair one of the classiest and best on record, and to cap it all the Lindsay citizens will be on hand both days and Friday evening to a delicious meal. BEWARE AND PATRONIZE THE ANNUAL SHOWDOWN MUSIC 12:30 A.M. and bonzer year.

OMEMEE

Omemee, Sept. 17.—Mr. L. Lamb of North Bay, visited Omemee last week.

The regular monthly meeting of the Woman's Institute was held last Thursday at the home of Mrs. T. McCoshan, Omemee. Work preceding the business for the month was transacted, the subject, "Temporary," was thoroughly discussed.

"Hoses and thistles" was the subject of a very interesting article read by Mrs. E. M. MacPherson.

A dance entitled "Somebody's Boy" was given by the members of the club, presided over by Mrs. Macpherson and Miss Parsons. "The referendum" and how to vote was an article given by Mrs. Letitia Currie. A short time entitled, "Mrs. Macpherson's Boy" was read by Mr. T. E. MacPherson. God

the King brought to a close a most satisfactory meeting. A dance entitled "Somebody's Boy" was given by the members of the club, presided over by Mrs. Macpherson and Miss Parsons.

SIX BUSINESS HOUSES
ENTERED BY THIEVES—
NO MONEY, BUT GOODS STOLEN

Victoria Loan, Barber
Shop, Law Office, C.
P.R. Armstrong's and
Gregory's Visited by
Thieves.

A few places of business were broken into on Friday and Sunday nights, and although the burglars did not get a great deal for their daring, escape, yet the losses were considerable. In general that the burglar would break into their back doors, safe, and a lesson to the Town Council and citizens in general that it requires more than two policemen to watch the town of Lindsay. The police force is not up to the mark at night to very inadequate protection.

RICHARD BARBER SHOP
Entrance was forced into Walter Richard's barber shop. Friday night he was at the rear, running the entire shop, but getting very little to do. He was not there Saturday night, but the shop was broken into and a quantity of clothing, men's furnishings, etc., were taken. The burglar was a man of about 5' 8" and 150 lbs. of weight, of a dark complexion, wearing a cap, a coat, a vest and a hat. He was wearing a watch and a chain, a ring and a diamond, a valuable plate ray machine, a vibrator valued at \$35.

VICTORIA LOAN OFFICE
On Saturday evening the Victoria Loan & Savings Company bank was entered and considerable pilfering took place. Only a few small dollar bills, as all the small and larger denominations were taken, except a quantity of stamps, however, is missing. The revenue stamps were saved, as they are wheeled into the vault night by night. Monday morning the drawers in the safe were open and the stamp supplies, etc., scattered about the desks and the floor. Mr. Robertson, an employee, also minus a good number of stamps.

It is believed the three masked intruders, as they might have entered by the grate on Kent, or the rear window, which was found up in the shop.

LAW OFFICES WERE NEXT
Not long after the Victoria Loan office, the three intruders failed to score a large shipment of securities which were stored away and a safe was broken into. They did, however, take a suitcase which was in the safe and took it with them to carry away goods from the office. Mr. Armstrong

ENJOYED TRIP IN THE AIR

Former Little Britain
Girl Had Trip in
"Hobberlin."

Mr. W. H. Wilson, of Toronto, (Marion Merle), has the distinction of being one of the few ladies of Toronto to enjoy a trip through the air.

The "Merlins" was the famous "Hobberlin," which a few weeks ago made the daring flight over Niagara Falls down the gorge.

Marion Thibault was a height of 10,000 feet when the new dive, loop and other interesting aerial stunts.

On steps from the plane, she was complimented by the pilot, (who had seen four "girls" service over) for her skillful courage, and who assured her she would make a daring air-artist.

\$6,000 GATE
RECEIPTS AT
LINDSAY FAIR

Record Year for Fair
Directorate, Should
Use Turnstile.

When it is stated that there were more paid admissions at the Lindsay Fair on Saturday last than there were during the two days of the Fair last year, this gives the alert matemetician a chance to figure out the gate receipts. The gate receipts for the two weeks between 25,000 and 22,000 people in attendance. Of course there are a large number of attendees, mostly men dining room attendants, directors, etc., who are not charged an admission. Those who have had a perfect check on the attendance would be by using a turnstile.

A meeting of the officers of the Fair was held Monday, and it is expected that the receipts for the Fair were something like \$6,000, which constitutes a record.

Mr. E. E. Robson had complete charge of the sale of tickets this year and had four or five assistants, who were all very efficient. No mistakes were made, especially considering the fact that it was harder to make change this year owing to the 3% rate.

REV. ALEX. CHAFFEE
PASSED AWAY

After four months' illness the death came suddenly on Saturday night of the Rev. Alexander Chaffee, Lindsay. Apartments, 600 Grand, Lindsay. The Rev. Chaffee was a son of the late J. M. Chaffee, and was born in Toronto 70 years ago. He was a graduate of the late Dr. Alexander Murray, in 1877 and was ordained in 1878. His first pastorate was at Dundas, under the late Rev. E. Ober. His last pastorate was at Cobourg, which he held for twenty years. He had three children, and is survived by his wife, Mrs. Anna Chaffee, and his son, A. L. Chaffee, Toronto.

Next, the fair will be opened tomorrow.
